

Tip Management Without the Manual Work

AUTOMATED TIP CALCULATIONS, PAYOUTS, AND REPORTING.

The GoTab + eTip integration automates tip management from end to end. Sales and tip data sync from GoTab to eTip, where tips are automatically calculated, pooled, distributed, and paid out based on your custom rules. Together, they eliminate manual calculations, reduce payroll complexity, improve compliance, and ensure employees receive accurate, timely tip payouts.

KEY FEATURES

Automated Tip Calculations & Distribution

Sales and tip data sync from GoTab to eTip, where tips are automatically calculated and distributed based on your custom tip rules.

Instant & Scheduled Tip Payouts

Employees receive fast, secure tip payouts through direct deposit or eligible debit cards, eliminating cash tipouts.

Compliance & Reporting

Automated reporting, audit trails, and manager dashboards simplify compliance and provide full visibility into tip distributions.

BENEFITS

Reduce Administrative Work

Replace spreadsheets, manual calculations, and cash handling with automated tip management.

Improve Accuracy & Compliance

Custom tip rules and automated reporting help reduce errors and maintain audit-ready records.

Better Employee Experience

Employees receive tips quickly and securely without relying on cash or manual payouts.
