

GoTab × MEWS

Seamless Payments, Simplified Stays

GUEST PAYMENTS + REAL-TIME SYNC = STREAMLINED OPERATIONS & ELEVATED SERVICE

GoTab is Mews' only direct POS integration partner in North America, offering a unique and exclusive connection for operators in the region. The integration enables guests to pay directly through their reservation when ordering via GoTab QRs or the POS. All charges are automatically settled within Mews, while order and payment data syncs to GoTab for complete control and a frictionless guest experience.

KEY FEATURES

Reservation-Linked Payments

Guests pay through their Mews reservation via QR code or POS—no separate checkout required.

Seamless Bill Settlement

Charges are processed and settled in Mews, while data flows to GoTab for order tracking and tab management.

Enhanced Guest Experience

Staff manage billing and reservations with ease, providing smooth service and personalized support.

BENEFITS

No Middleware Required

A single source of truth for payments and reservations, with no manual handoffs.

Operational Efficiency

Real-time sync between Mews and GoTab reduces errors and streamlines workflows.

Boosted Spend

Easy ordering and room charges increase average check sizes and guest satisfaction.

MUTUAL CUSTOMERS
