

Smarter Scheduling. Payroll Made Simple.

Workforce.com integrates seamlessly with GoTab, using real-time POS data to distribute tips, forecast demand, and build smarter staff schedules. Automate time tracking, streamline payroll, and ensure you're never over- or under-staffed again—all in one platform built for hospitality.

THE GOTAB & WORKFORCE.COM ADVANTAGE

Real-time POS insights combine with smart workforce automation so you can forecast demand, schedule smarter, and run payroll with ease—all from one integrated platform designed to cut labor costs and boost operational efficiency.

WITH GOTAB AND WORKFORCE.COM, OPERATORS BENEFIT FROM:

- **Accurately Forecast Demand:** Use real-time GoTab sales data to predict busy periods, reduce guesswork, and build schedules that align with actual customer demand
- **Streamline Tip Management:** Pull tips from GoTab and distribute them individually or through Workforce.com tip pooling.
- **Build Smart Schedules:** Automatically create optimized schedules based on sales trends, staffing rules, and availability—saving managers time and reducing labor costs.
- **Simplify Payroll:** Run payroll for hourly and salaried staff in minutes. Workforce.com handles calculations, tax compliance, and deposits—all based on synced schedule and time data.
- **Track Time with Ease:** Employees clock in and out through Workforce.com's intuitive platform, ensuring accurate records and seamless payroll preparation every shift.
